

SEXUAL HEALTH

Pilot project

Are you worried about being pregnant and want to take a test or get a medical consultation?

Do you suffer from erectile dysfunction or pain during sex and need a medical check-up?

Are you concerned that you may be infected with a sexually transmitted disease?

Do you want to have a smear test to prevent cervical cancer?

Do you need advice on contraception?

PRISMA N is starting a project with an interdisciplinary support offer to promote sexual and reproductive health in East Belgium.

A doctor (F/M/X) will complete the team and offer medical advice in the field of sexual and reproductive health.

For any questions the team is at your disposal on Wednesday afternoon.
